

Maryland Transit Administration

ONGOING IMPROVEMENTS

*Here's how our work to make your ride better
might affect your travel plans.*

The Maryland Transit Administration works continuously to maintain and improve our infrastructure and facilities statewide. Here are the projects we're working on that are most likely to have an impact on the traveling public this month.

November 2015

MARC TRAIN

BWI MARC Station Garage Rehab

DESCRIPTION: Provides structural repairs and updates fire stand and drainage pipes.

IMPACT: As work progresses thru-out the garage, levels will be closed for parking. Traffic will be maintained to allow flow through the work zone.

Halethorpe Station Drainage Improvements

DESCRIPTION: Modifications to the existing slope surfaces along the west platform, to the existing riprap south of the east tower and installation of a floor drain into the concrete floor slab of the west tower.

IMPACT: Replacement of some sidewalk panels will take place during the week between 7pm and 4am. This may partially close sidewalk areas but great care will be taken in order to always provide an accessible route to and from the station.

West Baltimore MARC Station Beautification, Parking Expansion

DESCRIPTION: This project attaches art work to the light poles that were constructed as part of the parking expansion and adds plaques to recognize contributions by significant past community leaders.

IMPACT: Installation of the art work will be scheduled to minimize its impact on MARC customers. Work area will be located in the newly created lots C & D.

Perryville Station Park and Ride Lot Repairs

DESCRIPTION: This project includes repairing & replacing areas of concrete sidewalk and ADA ramps, installation of bollards and new pavement markings for ADA accessible parking, milling and new 2" asphalt overlay of the entire parking lot and entry road, new line striping throughout the lot, and riprap repair of a drainage ditch.

IMPACT: Some minor work including but not limited to, bollard and signage installation and removal and replacement of sidewalk and concrete curb and gutter, and will be taking place during the week between 9am and 3pm. This may partially close sidewalk areas but great care will be taken in order to always provide an accessible route to and from the station.

COMMUTER BUS

Construction of new Waldorf Park and Ride Facility

DESCRIPTION: : Roadway widening along Old Washington Road, construction of a new signal at the roadway intersection and construction of a new 484-vehicle park and ride facility.

IMPACT: Roadway widening and signal work will affect traffic on Smallwood Drive and Old Washington Road. The right turn lane on Smallwood Drive is closed. The impact will be minimal and traffic is expected to move smoothly.

LIGHT RAIL

Gilroy Road Pavement Markings & Signs

DESCRIPTION: Upgrade traffic signs and pavement markings to MUTCD guidelines along Gilroy Road.

IMPACT: Minor disruption to traffic at the back entrance to the Administrative Hearings Building to remove and replace pavement markings.

LOCAL BUS

Carney P&R Bus Loop Repair – Phase 1

DESCRIPTION: The asphalt pavement in the MTA bus loop area will be milled and repaved as a temporary repair.

IMPACT: Work will be performed during November in 2 stages and permitted during daytime and nighttime hours in order to complete construction in a timely manner. Detours will be in place for MTA buses and private bus coaches. Temporary bus stops for MTA and tour buses will be used within the lot during Stage 1 of construction. Oak Crest shuttle services will be advised to temporarily relocate their pick-up point within the lot. We expect minimal impact to patron parking.
